

User Flow

User Stories

1. As a non-tech savvy mom i want to know where to order the phone i want with ease so that i can not be frustrated by ordering things online.
2. As a college student, I want to have easy to understand pricing options so that i can make the lowest-cost purchase available.
3. As a photographer I want to pick an iphone with a good camera so that i can use it in my work.
4. As a work-from-home dad I want ot be able to have my devices shipped directly to me so that I don't have to worry about going out to pick anything up.
5. As a corporate executive I want to be able to have my phone here tomorrow so that i can get back to work after breaking my previous phone.
